Subject: Possible Transfer: 10656916

Hi Stanley

Could you see if this belongs in 1754? It looks like a type of inorganic polymer material. This was sent to 2883, but there is no waveguide type structure in the claims (69-183 are pending).

Could you please transfer if it belongs to your art unit? If not, any suggestions would be helpful as to where it may go. Thank you.

Best Regards,
Eric Wong
